**Subject: Urgent Request to Stop The OPS MEGA 3.0 Raids and For Request for Dialogue**

Dear Honourable and Respected Leaders of the Malaysian Government,

Greetings. My name is Adrian Pereira and I run a human rights-based NGO called North South Initiative. On behalf of the migrant workers community and migrant rights concerned NGOs, we would like to urgently call for the immediate stop of the OPS Mega 3.0 raids. While we understand the legal duties of the Home Affairs Ministry and the Immigration Department to ensure the laws of Malaysia are enforced, we have discovered various issues, loopholes, and symptoms of injustice towards migrants, both documented and undocumented as a result of the raids and other root causes of becoming undocumented including the recruitment process. We also strongly feel that the raids will affect the economy of Malaysia. Do kindly find the details and rational of our request in the attached statement.

We also would like to meet urgently with the Minister of Home Affairs and the Director General of the Immigration Department to present the evidence of injustice caused towards migrants in the process of the raids(before, during and after). We do hope your kind selves will make time to meet me and the migrant's rights coalition members for a dialogue on what we can do in both the short term and long term with regards to undocumented workers.

Do feel free to contact me at +60122900756 if you have any questions.

Yours truly,

---
